Notes

Pack 91 switched back to a single payment this year.

The dues components for National BSA are based on the number of months remaining in the year.

Returning members have already paid those components through the calendar year.

Any member leaving Scouting before December 1 (in writing to the Cubmaster) will receive a refund for the Spring portion of the dues.

For information on how Cub Scouting works, where to get the uniform and how to put it together, see the Pack 91 web site (www.pack91.info).

General Information:

Pack 91 is chartered in December.

The registration year (for National BSA) runs from December 31 (essentially a calendar year).

The pack pays the council for the next year at the beginning of December.

Returning scouts are paid up for national items (registration fee, insurance, Boys Life) through the end of the current year.

New scouts need to pay those items, starting with the month they join.

The pack dues are \$25 (50% of the pack dues for the Fall and 50% for the Spring).
